XPO express

A Tradeshow & Event Management Solution
xpoexpress.com

Sponsorship opportunities give you the chance to greatly offset show costs.

From registration kiosk screens to print stations and badge materials, we can help you customize our solutions to meet your needs.

We Offer Nation Wide Event Coverage

While your event is online, you and your customers will have access to our 24 hour phone support.

While your event is live, our programmers and technicians will be available onsite for setup, live show support, and breakdown.

Online Registration

Preregistration makes onsite check in quick and easy for your attendees

Self Check-in Kiosks

Attendees can check in and print badges in under a minute

Electronic Ordering

Fast and accurate exhibit ordering with onsite reporting

Experienced Support Staff

Over 35 years of combined event management experience

Another Successful Event

Reduce your event stress with XPOexpress!

ABOUT XPOexpress

XPOexpress provides a full service trade show and event management solution. From preregistration to post event summary and reporting, we make managing your event seamless. Technology to manage your event allows you to focus on your customers. Reduce your event stress with XPOexpress!

- Providing Event Solutions since 2007
- Headquartered in Connecticut
- Full Service Event Management Solution
- National Coverage Footprint
- In House Software Development

ONLINE REGISTRATION

Have your attendees register online prior to the show. Customized email confirmations with barcode will be sent including any pertinent info for self check-in.

ONSITE REGISTRATION

Preregistered attendees will be able to check in using our customized touch screen kiosks using just their last name. Badges and tickets can be customized and printed at check in. Last minute walk-ins can also be accommodated.

Onsite support ensures that your show will run smoothly from check in through ordering and post show reporting. . .

ONLINE ORDERING

Have your attendees enter their orders prior to the show. This gives them more time in the booth for education and negotiations. Online orders will be loaded onto the show tablets for further editing at the show.

ONSITE ORDERING

For the days of the show your vendors will each have a tablet with all of their items and deals loaded. All of the customer online orders will be loaded as well. The system runs on a private, secure network. Up-to-date reports can be provided at any time.

Value Added Services

Lead Retrieval

A user friendly app allowing vendors to easily capture customer contact info. The data is available to vendors online and can be downloaded into an excel file.

Marketing

Let us work with your staff to provide marketing value for your sponsors and help offset the cost of operating your event!

Info Kiosks

Keep your attendees and staff informed. Customizable information boards allow for another touchpoint at your event.

Mobile App

The power of your event's information on your customer's mobile device! Show maps, agenda, and more in just one click.

VIP Alerts

Prospective client? Special guest? Get text notifications of VIP arrival to your event.

Event Reporting

Quickly track who preregistered, who attended, who missed, and who ordered what at the show. Analytics to help for planning your next event.

Testimonials

The XPOexpress registration system has transformed the Susan G. Komen Race for the Cure's paper-based registration system into a user friendly automated system. The former registration system was plagued by long waiting lines.

After bringing in XPOexpress, registration is a smooth and error-free process that also eliminates the need to manually enter Race Day registrations after the event.

Thanks to XPOexpress we were able to replace our manual, paper-based show registration process with a state of the art electronic self registration process.

Management was understandably nervous about making a significant change that would affect our long time customers and vendors, but their fears were unfounded.

I wanted to take a moment and express my deepest gratitude and sincere thanks to XPOexpress for an unbelievable outstanding job in bringing automatic ordering to our show.

Your whole staff was a tremendous reflection on the company and they did your organization proud.

I have been setting up tradeshow for 21 years. My company sets up 400 shows a year and I personally see about 100 of them. With that being said I have had the opportunity to see many different ordering systems. From what I have seen XPOexpress is by far more innovative and user friendly than the competition.

I can only judge this by the reaction of the vendors who use it. I have never seen one of the vendors that use your system go away with a complaint.
